

To whom it may concern

Distributorship Confirmation

Herewith we confirm that

Supreme Components International,

62 Jalan Enuos, Singapore 419508

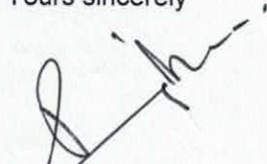

is authorized to distribute Tridonic components in the 10 countries under the Association of South East Asian Nations (ASEAN region) for the year 2017.

Tridonic is one of the leading lighting components manufacturers in the world with headquarters in Dornbirn, Austria and manufacturing sites located in Austria, United Kingdom and China. The company was established in 1956.

On the global presence Tridonic has about 2.000 employees with representatives in 73 countries. Through committed partnerships, expert service skills and technical know-how, we enable our customers to implement functionally and economically superior lighting solutions using our lighting components, lighting management systems, electrical components and LED solutions.

Tridonic S.E.A Pte Ltd, Singapore is a 100% subsidiary of Tridonic GmbH & Co KG in Austria and is responsible for Marketing, Sales and Distribution of all Tridonic products in the ASEAN region.

Yours sincerely

Rajeev Radhakrishnan
